

# Waggoners Greet New Son; Many Birthdays Celebrated in Area

By VERA C. WRIGHT  
FR 2-2288

Randall Lloyd Waggoner, of 3818 W. 176th St., made quite a hit when he arrived recently. Seven-year-old brother, Steven, four-year-old Susan and two-year-old David were on hand to greet him and assure him that he was very welcome!

Best wishes and congratulations to Jeffrey Osborn, who joined Cub Scout Den 7 in the Perry School area on Aug. 29. We agree with Jeffrey that it is an honor.

The 4138 173rd Pl. home of the A. M. Gayda family was bursting with pride with the knowledge that young Alan Gayda was presented with the Red Cross beginner's swimming pin and certificate at El Camino College.

Birthday congratulations to the Charles B. Schwinn family and the Edgar Youngs who also celebrate their birthdays during the month of August. They joined forces numbering 11 and celebrated with lunch at a local restaurant.

Mrs. Mabel D. Young, mother of Mrs. Richard Blair, who resides in New York, made such a hit with Vicky's friends and neighbors during her three-week vacation here last month that they all combined their finances and wired Mrs. Young six dozen red roses! Nice people!

Most charming couple in our town is Ruthann and George White, formerly of West Virginia. The charming Ruthann is a kindergarten teacher at the El Nido School.

Homemade sweet rolls made by Marge Depkovich and Eva Reynolds were enjoyed by the many persons in attendance at the "Welcome Tea" held by the Perry PTA. This project was held for the purpose of meeting parents, new students and teachers and even though this was considered the first official affair this semester, the Perry PTA has enjoyed a summer full of activities.

Mr. and Mrs. Dale J. Carter

have decided it isn't a very good idea to present a child with a bunny for Easter for last year not only did they purchase a bunny for their daughter but their friends, Mary and John Whitcomb, did also. Now they have a total of 33 rabbits and the ironic part of the whole matter is that Debbie is no longer interested in the little furry friends, she is now interested in rock and roll! Ho-Hum!

Marineland, Santa's Village, Sky Forest, Arrowhead and Palomar were on the itinerary prepared by the Stanley Hoffman family, of 3819 W. 176th St., who along with new son, Jon, Danny and Debbie recently toured the many tourist attractions of Southern California and made Disneyland their headquarters for an entire day.

Miyeko Yokoyama, of 3901 W. 182nd St., had a very busy and interesting family for she and the entire family motored to Chicago and Denver, where they had fun galore! This wonderful family will travel to New York on their vacation next year, and are already eagerly awaiting next June!

Happiest and most excited lady in our town is Mrs. Elmer Ecker, of 18503 Mansel, whose son, David Ecker, arrived from Milton, Fla. David will be stationed at Foffett Field and will be attached to Squadron 216, at the close of his 30-day leave. Mama Ecker brought together 15 members of the family for his first luncheon at home with enchiladas and all the trimmings being served in their patio.

I certainly enjoyed Thursday, Sept. 12, when my son, Wayne Wright and I, along with Yolanda Ramirez of Fresno, and Mr. and Mrs. Paul W. Herring, attended the showing of "Queen for a Day" at the Moulin Rouge. Luncheon was enjoyed by our group and we also broke the camera having our picture taken! Lovely companions, nice day, wonderful time!

Janette Marie White should receive a medal for the won-

derful cakes she devoted an entire day to baking.

Mrs. Glen Rusted, of 18236 Roslin Ave., is considered to be the most loved and luckiest lady in the community for husband, Glen, surprised her on her return from her vacation in Utah by presenting her with an electronic organ that she had always dreamed about. This is her anniversary gift even though November is the month. Glen also gave her a lovely necklace, ear-ring and bracelet set for her birthday, Sept. 2.

David Reed Hooker was one of the proudest five year olds who strutted toward El Nido School for the first time and delighted with his teacher, school and instructions!

Among the most unusual names I have heard lately is that of Mrs. Kizzie Burrows, of 18228 Roslin Ave.

Noted Brenda McClain, Marilyn Slatten and Joann Rusted, all of Roslin Ave., dressed up in their Sunday best for their very first day as freshman at North High.

Earle and Darlen Callaway, who are expecting the stork to hover over their chalet during January, just returned from a trip to Iowa to visit mom and pop on both sides of the family and let them in on the secret that is no longer.

Evangelina Soto and husband, Manuel, motored to Pasadena, San Marino and Simi to visit relatives and

view the many interesting sights along the way.

Mr. and Mrs. John F. White, daughter Janette, son Eddie, welcomed Yolanda Ramirez as their houseguest during her brief visit from Fresno. Mrs. Ramirez is planning on returning for a longer stay in December.

Mr. and Mrs. John A. Calmer just returned from Oregon, where they enjoyed croquet, miniature golfing, water-skiing, swimming, horse-back riding, volleyball and three days of complete loafing during the day with dancing during the evening. Naturally they are returning to the same spot next year and many years to come!

Congratulations to Mr. and

Mrs. Hernan Garcia who celebrated their tenth wedding anniversary by viewing the DeCastro Sisters at the Moulin Rouge. The Garcias were joined by the Fernando Rosas family of four and Mr. and Mrs. Jorge Juarez. Every lady wore a large orchid corsage and the event was complete with scrambled eggs, bacon, coffee and toast at 4 o'clock in the morning at the Juarez homestead.

Happy birthday wishes to Hattie Wood on her 45th birthday. She was wine and dined cipient of a milk stool!

POWERFUL LENS  
The 200-inch telescope on Palomar mountain is powerful enough to detect the flame of a single candle burning at a distance of 18,000 miles.

# Harbor Police Open Drive

Strict enforcement of speed laws paid off with only 14 speed caused accidents during August, but police vigilance to control death and injury will continue, warns Captain Fred Barnard who reports 13 people killed and 811 injured in Harbor Division traffic accidents to date this year.

During July speed resulted in 27 accidents and the monthly rate prior to August was 17.5.

A study of 100 speed-caused accidents indicates that 46 percent of such incidents occurred in residential areas where speed limits are 15, 25 and 35 miles per hour. Motorists involved in accidents caused by

speed are driving an average 17.5 miles per hour faster than safe speed limits. Consequently, officers are instructed to concentrate their efforts on residential streets where blind intersections and pedestrians create unusual hazards. Not to be overlooked is the Harbor Freeway where constant patrol is maintained.

Benefits are still being derived from police enforcement directed toward drunken drivers, however the 12 accidents caused by drunken drivers during August indicate the need for a continuing effort in arresting drunk drivers. During August Harbor Division officers arrested 48 drunken drivers.
